In addition to the above other terms/ conditions are as under:-

- 1- The fees and charges will be levied from new academic year starting from 1st July, 2018 onwards and will be applicable to the subsequent batches only. Fee will be charged in two equal installments. Fee will be charged for the period of 5 years for BDS, MBBS courses.
- 2- The college fee, boarding and lodging charges will be annually increased at the rate of 10% per annum.
- 3- It would not be feasible to create a separate Bank Account for depositing boarding & lodging charges as all the hostels are located within the premises of Government Medical Colleges. Secondly, the separate evaluation of expenditure incurred on electricity / water/ repair etc. is not possible because the budget for the college building and hostel building of the Medical Colleges is jointly allotted. Thus, the amount received in this head should be deposited in state exchequer. Medical Colleges may only keep sports & academic fund in its Bank Account.
- 4- The hostel / boarding / lodging charges will be equally applicable to all the students of all categories without any exemption.

The order is issued in compliance to concurrence from finance department & after approval from appropriate level.
