Subject: To help deserving students of your college through Internshala's Young Achiever Scholarship

Dear Sir/Ma'am,

I hope you are doing well and staying safe. I am Ashutosh from Internshala - India's largest internship platform

This is to inform you that we have launched the **Young Achiever Scholarship** program to help your students build their dream careers through our online training programs and also learn new skills during this lockdown period.

Under this program, we will be providing a scholarship in the terms of **free access** to our online training programs for all the academically bright students who also belong to the economically weaker sections. The students can learn new skills in programming, data science, business, design, creative writing, etc. on Internshala Trainings through our short-duration online training programs. Also, all the selected students will be receiving a **certificate** after successfully completing the online training program.

Who is eligible to apply for the scholarship?

1. Any student currently enrolled in your college with a history of **good academic performance** ($\geq 75\%$ in 10th, 12th, and in college) AND
2. Whose annual family income is less than **INR 240,000/-** per year.

Students may visit - internshala.com/i/young-achiever-scholarship to know more about this initiative, the eligibility criteria and its process in detail.

If possible, please share this email with your students who could make use of this vital information.

Please reach us at trainings@internshala.com in case you have any further questions or concerns.

Note - Due to high email and call volumes due to COVID-19, it will take us a minimum of 4 days to process the student's scholarship.

Take Care,
Ashutosh Lokhande
Manager - University Relations
Internshala - India's largest internship platform
