

## **Paper Publication by department of Anaesthesia in last 3 years**

**2015-16**

1. Evaluation of the sedative and anxiolytic effect of midazolam , clonidine and Triclofos as oral premedicant in paediatric patients under going elective surgery under general anaesthesia.

**Author – Dr. Sangeeta, Dr. Kanta, Dr. Meera**

2. Post operative analgesic efficacy of fentanyl via defferent route – A comparative study of Nebulisation , Intranasal and Intravenous fentanyl.

**Author – Dr. Raghvendra, Dr. Anita Pareek, Dr. Meera, Dr. Yunus**

3. Effect of Bupivacaine and Bupivacaine clondine combination in supraclavicular brachial plexus block – A comparative study.

**Author – Dr. Prashant Sirohiya, Dr. Kiwi , Dr. H. Rehman, Dr. Meera, Dr. Vishal, Dr. Raghvendra**

4. Evalate the effect of low dose vasopressor in elative caessarian section under spinal anaesthesia : A comparative study.

**Author – Dr. Shiva Tanwar, Dr. Vishal, Dr. Sonali , Dr. Sadhana Jain**

**2016-17**

1. General versus spinal anaesthesia in percutaneous nephrolithotomy: A comparative study.

**Auhtor – Dr. Monika Meena, Dr. Kiwi Mantan, Dr. Madhu Saxena**

2. A Randomised controlled trial to compare etomidate and propofol for induction of general anaesthesia in adults.

**Author – Dr. Alkan, Dr. Mohd. Yunus, Dr. H. Rehman, Dr. Kiwi, Dr. Meera, Dr. Priyanka, Dr. Abhishek**

3. To compare the effect of dexmedetomidine and clonidine as adjuvant to ropivacaine in supraclavicular brachial plexus block for upper limb surgery.

**Author – Dr. Ashish Kumar, Dr. Kanta Bhati, Dr. Kuldeep, Dr. Anita Pareek, Dr. Meera**

4. Comparison of conventional dose and low dose infusion of dexmedetomidine on haemodynamic stress response, dose of induction agent postoperative analgesia in patients undergoing laparoscopic cholecystectomy.

**Author- Dr. Shankar Lal Rolaniya, Dr. Sonali Dhawan, Dr. Meera**

5. Spinal vs. general anaesthesia for laparoscopic cholecystectomy: A comparative evaluation in north Indian patients

**Auhtor – Dr. Priyanka, Dr. Meera, Dr. Anita Pareek, Dr. Vinay, Dr. Alka**

6. A comparative evaluation of dexmedetomidine , propofol and midazolam for intraoperative sedation in regional anaesthesia.

**Author – Dr. Kiwi, Dr. Anita Pareek, Dr. Rashmi, Dr. Anju, Dr. Pramila, Dr. Aditi**

7. A Comparative Clinical Study of the Effects of Intrathecal Injections of Dexmedetomidine and Fentanyl in Combination with Bupivacaine on Analgesia and Haemodynamic Changes

**Author – Dr. Mohd Yunus Khilji, Dr. Meera Kumari, Dr. H Rehman, Dr. Kiwi Mantan,  
Dr. Shahnaz Chandad, Dr. Abhishek Kawatra**

8. A Comparative Study Of Dexmedetomidine And Clonidine As Premedicant On Intraocular Pressure And Haemodynamic Changes In Non-Ophthalmic Surgeries

**Author – Dr. Preeti Yadav, Dr. Anita Pareek, Dr. Aditi Sharma**

**2017 – 18**

1. Inhalation Of Ketamine In Different Doses To Decrease The Severity Of Postoperative Sore Throat In Surgeries Under General Anaesthesia Patients

**Author – Dr. Shivpal, Dr. Yunus Khilji, Dr. Shiva, Dr. Vishal, Dr. Madhu Saxena**

2. A comparative evaluation of three different methods used to achieve local anaesthesia for fiberoptic guided intubation under sedation.

**Author - Dr. Naresh Kumar Sharma, Dr. Kiwi Mantan, Dr. Sangeeta Sethia, Dr. Sadhana Jain, Dr. Vishal Devra**

3. Comparison of two different doses of dexmedetomidine as an adjuvant to ropivacaine in caudal block for infraumbilical surgery in paediatric patients.

**Author – Dr. Praveen Kumar Gupta, Dr. Kanta Bhati, Dr. Pramila Soni, Dr. Sangeeta Meena**

4. **A Comparative Study Of Wound Instillation With Different Concentration Of Bupivacaine Via Surgical Drain For Post-Operative Analgesia In Modified Radical Mastectomy**

**Author – Dr Rajesh Kumar Meena, Dr Anita Pareek, Dr Kiwi Mantan, Dr Sangeeta Meena, Dr Priyanka Kumari**

5. Comparison Of Two Different Low Doses Of Intrathecal Bupivacaine &Fentanyl Mixture In Caesarean Section & To See The Relevance Of Preloading In Them

**Author – Dr. Deepika Meena, Dr. Sonali Dhawan, Dr. Pramila Soni, Dr. Rashmi Jain, Dr. Peeru Singh**

**6.** Role Of Ondansetron With Dexamethasone And Palonosetron With Dexamethasone As Antiemetic In Laparoscopic Surgery Under General Anaesthesia : A Comparative Study

**Author – Dr. Gautam, Dr. Anita Pareek, Dr. Sangeeta Sethia, Dr. Kanta Bhati, Dr. Sangeeta Meena**

7. To compare and evaluate the effectiveness and safety of i.v. dexmedetomidine and i.v. demedetomidine along with either fentanyl or butorphanol for monitored anaesthesia care in microscopic middle year surgeries under local anaesthesia

**Author – Dr. Ashok, Dr. Kanta Bhati, Dr. Rashmi, Dr. Peeru, Dr. Priyanka Choudhary**

8. Prevention of etomidate induced myoclonus by premedication by dexmedetomidine : A comparative study

**Author – Dr. Priyanka Dixit, Dr. Pramila Soni, Dr. Anita Pareek, Dr. Rashmi, Dr. Madhu**
