**e-Library**

- e-Library Project is very important and ambitious decision taken by the State government, Rajasthan for providing better education and research facility to the medicos and doctors in the field of Medical Education. It is the first e-Library in the field of Medical education in Rajasthan. This e-Library will definitely become a Mile-Stone for providing instant and prompt world-wide online information of the Medical related research and education to the Medical Educationist/PG/UG Students.

- In this Project a fully functional e-library is established with 30 computers, one Server room with work station and one waiting room/conference room & Internet Facility Provided by NKN Network.

- Inaugurated by the Hon’ble Chief Minister Mr. Ashok Gehlot on 20.02.2013.
