	RFP page no. 35 & 36 Annex 2 (A)	We recommended to move to A6 9225, which is the latest A6 offering from AMD. Department will get latest processor
	RFP page no. 35 & 36 Annex 2 (A)	We would recommend to have 2 DIMM slots. Due to the increase in the applications over a period of time that will get install on the notebooks may degrade. Hence it is recommended that the students should have the option to increase the RAM (Memory) as and when needed to improve the overall performance of the notebooks in future. Therefore we recommend to have 2 DIMM slots that will give flexibility to the students to upgrade the memory whenever required. Also, if any notebook is with one DIMM slot only, there are very high chances that memory.
	RFP page no. 35 & 36 Annex 2 (A)	We recommend 7200 RPM Hard Disk drive for a faster read/write speed which is available with all the OEM at no
